## ANTIOCH FESTIVAL FULFILLS HOPES OF MEN'S CLUB

First Annual Fair Is Success  
as Viewed From the  
Original Plans.

By V. LUDEL BODEN

Antioch's first Fall Festival was a  
success.

This is the opinion of residents of the village, the business men, and those who visited Antioch Thursday, Friday, and Saturday of last week. Perhaps financially, members of the Business club have learned, it was not so successful, but the Festival, from the beginning, was not a financial undertaking. The Festival was planned to be a sort of a big reunion, a real old-fashioned country fair, an affair whereby goodwill and interest in Antioch would be created—to let outsiders know that this village is truly the hub of the lake region and why it is deserving of its position and reputation. From the standpoint upon which the Festival was planned, no one can doubt that in every detail "success" was spelled with capital letters. Already business men are talking of a Festival for next year—telling how they can improve the entertainments and attractions.

Rockets, flares, bombs, and wheels—fireworks in all their glory, brought the Festival to a glorious close Saturday night with more than 5,000 persons in attendance. Members of the fire department, who were in charge of the fireworks displays, are to be complimented not only on the selection, but in the efficient manner in which the electrical attractions were handled. Never before has Antioch had such a gorgeous display.

First prize for the window display has been awarded to Williams Brothers' department store. Mieke Depner's window was declared second best, with Reeves' Drug store window, third. Voting gave the Keulman and Antioch cafe windows honorable mention.

Especially one of the Williams Brothers' windows was unusual, although both were exceptionally attractive. The one window had dozens and dozens of hardware and sporting articles arranged in clever and suggestive manners—everything for the hunter displayed so that a hunter passing by could not help but feel the "call of the wild." The way in which an axe was left in a small log would make one think that chopping wood was the most pleasant task on earth! The other window contained household furnishings. Beautiful baskets of flowers and soft lights added to the warmth and beauty of this display.

## Illinois Safe for Hoover and State Ticket, Is Belief

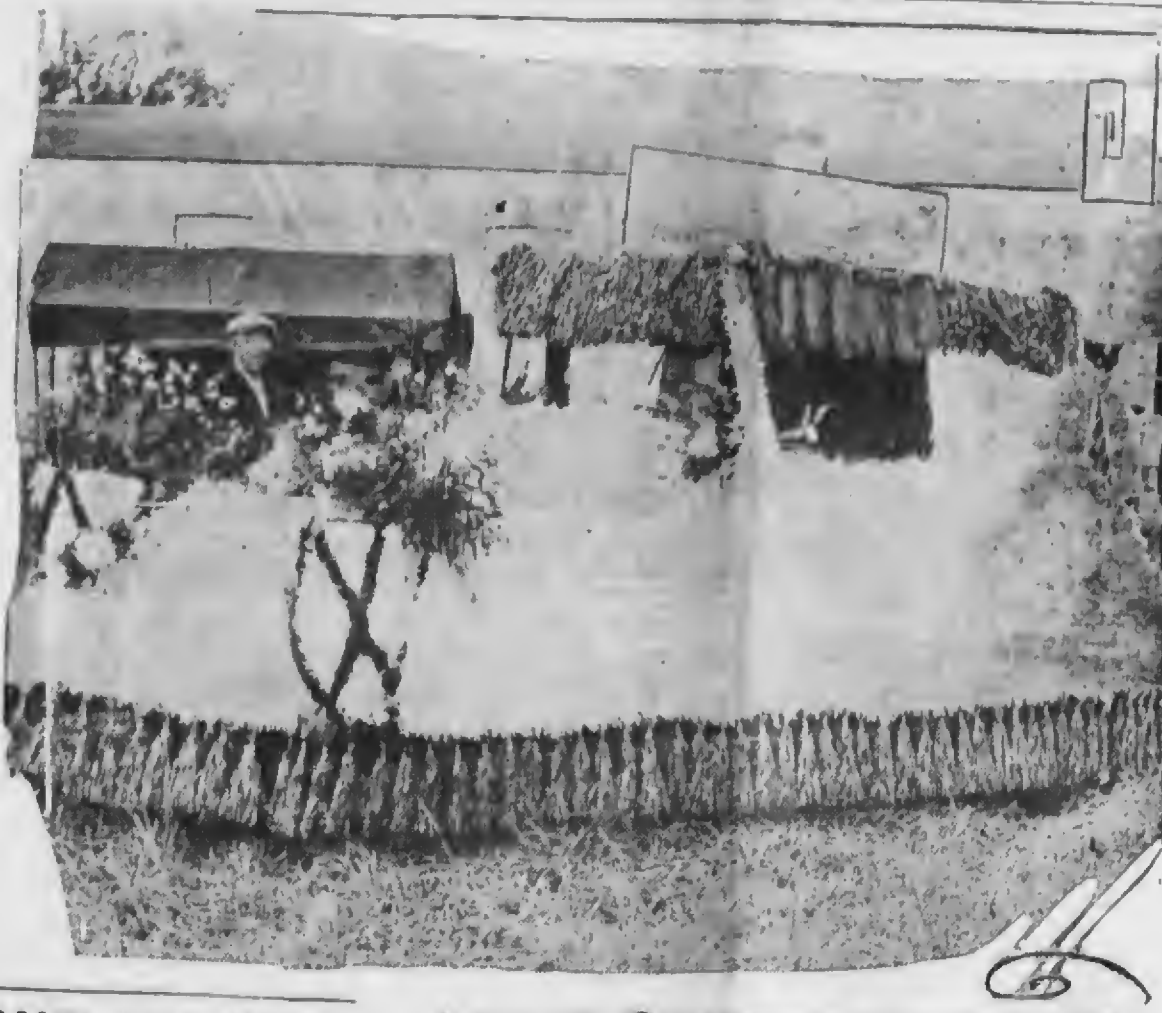

Candidates Tour 31 Coun-  
ties—The Results Are  
Pleasing.

Chairman Perry B. McCullough of the Republican State Central Committee has returned with the state candidates from a week's speaking tour of 31 downstate counties in southern Illinois, highly enthusiastic over practical results of the trip.

"I feel that the counties we visited are safe for Hoover and the entire state ticket," said Chairman McCullough. "We held 45 mass meetings of voters in six days and there were big crowds everywhere we went. They drove many miles in the rain to hear our candidates at several points. We visited two county fairs. At many towns we were obliged to hold overflow meetings to accommodate the great crowds. The farmers are for the Republican ticket in the section of the state we visited. We also found that thousands of Democrats will vote the Republican ticket this fall for the first time in their lives. There is no doubt about the big woman's vote that Hoover will get. I believe Egypt will give as large a plurality for Hoover in November as it did for Coolidge four years ago.

"The tour just concluded was the most intensive political speaking campaign ever undertaken in southern Illinois. We covered four to six counties a day, travelling in two motor busses and we were enthusiastically received everywhere we went."

## CLASSES WILL MEET PART TIME BECAUSE OF BIG REGISTRATION

W. C. Petty Announces New  
Schedule Effective  
Today.

Overcrowded conditions will make necessary half-day sessions of some of the classes of the grade school, it was announced yesterday afternoon by W. C. Petty, principal.

Children of the fifth and third grades are to be at school at 8:30 o'clock and continue until noon, and the fourth and sixth grades will meet at 12:30 o'clock each day and continue until 4 o'clock. The new schedule became effective today, according to Mr. Petty, and will not be changed until further notice is given.

Two hundred and twenty-nine children are registered in the eight grades—exceeding by more than 25 the number ever previously enrolled. The number in each room follows: grade I—34; grade II—28; grade III—34; grade IV—20; grade V—28; grade VI—30; grade VII—26, and grade VIII—23.

## School Brings Rushing Business to Office.

School started Monday. Every-  
one knows that, but few persons  
know what a rushing business the  
Antioch News office has had selling  
penny pads.

Boys look at the various colored  
tablets and immediately know what  
they want. Girls, however, are  
more fastidious. Buying a pad takes  
as much careful study as their  
mothers exercise when shopping  
for dresses. Small girls look at the  
colors, the sizes, and one girl seriously  
asked:

"Will you please tell me how  
much penny pads are a piece?"  
Mabel Simonson and Lillian  
Overton had quite a time deciding  
which ones they wanted. Finally  
each of them chose two—with the  
request that the pads be reserved  
for them until morning. They  
evidently couldn't wait, however,  
for within a few minutes they were  
back with the money to claim the  
pads.

## Children, Listen!

Boys and Girls Will Have  
Chance to Help With  
Story.

Have all the boys and girls  
been reading the bedtime  
stories which are appearing in  
each issue of the Antioch  
News? Do you know that they  
are about animals which live  
near this village—around various  
lakes?

The story writer wants each  
boy and girl to write to the  
Antioch News office and tell  
what he or she would like to  
have a story about—name the  
animals and the lake. The  
story will be written and the  
boys' and girls' names will be  
put over them. Won't that be  
fun, boys and girls? Don't for-  
get to write!

Although the float pictured above was not a prize winner, it was one of the most beautiful in the Fall Festival parade. This was entered by Fred B. Swanson, proprietor of the Antioch theatre. Other floats of exceptional beauty were those entered by S. M. Wallace, first prize; Antioch high school seniors, second prize; the Woman's Club third prize; and the Pollock greenhouse.

Hazel Sheehan and Lois Hunter are the two merry-makers pictured on the merry-go-round. They were having "heaps of fun" when the photographer caught them—but not any more fun than hundreds of other persons had during the Festival days.

## Festival Echoes

By H. B. Gaston

Winners of the Williams Brothers' Department store prize contest were: Mrs. Paul Volk, who was given a Winchester wagon; Mrs. William White, who won a West Bend waterless cooker; and Mrs. Richard Slater, who was given a Kamp Kook stove.

Otto Reikhart, who for the last 35 years has been director of bands, and who is well known in musical circles throughout the state, was in Antioch Saturday night in charge of the famous Chicago Daily News boys' band. The music furnished by the 40 piece band was excellent. The organization is composed of boys who are now, or who have been, affiliated as carriers or in some way, with the Daily News. The transportation was furnished by the North Shore Electric company and the Metropolitan Bus firm. The Men's Business club gave the boys their dinners and voted \$25 to be used in the new music and instrument fund.

Mayor S. E. Pollock—"A remarkable success for the first time."

"Of course Antioch will not stop at one festival," John E. Sams said to committee members here following the festivities Saturday night. Mr. Sams is manager of the Hydrex corporation and is a prominent member of the Waukegan chamber of commerce. Sams knows a progressive town when he sees one.

## TAX LEVIES ARE FILED WITH COUNTY CLERK

What does it cost a city or village to do business for one year? Part of the answer may be found in the tax levy ordinances filed this week by the city and village clerks with County Clerk Lew A. Hendee.

Antioch's levy is \$9,514.00, according to the document filed with the county clerk, however, the appropriation ordinance for this year indicated that a total of \$17,058.00 would be required to defray village expenses for the fiscal year, May 1, 1928, to April 30, 1929.

Amounts levied by other cities and villages and sanitary and park boards to operate during the year follow:

Grayslake, \$7,000.  
Fox Lake, \$10,500.  
Lake Forest, \$422,470.  
Zion, \$186,851.  
Lake Villa, \$17,000.  
Deerfield, \$42,000.  
Libertyville, \$78,350.  
North Chicago, \$57,500.  
Foss Park District, North Chicago, \$15,275.  
Lake Bluff, \$25,000.  
Gurnee, \$3,000.  
Barrington, \$44,900.  
Round Lake, \$2,750.  
Highland Park, \$262,813.  
Highwood, \$25,753.  
Winthrop Harbor, \$27,500.  
The North Shore Sanitary District, \$102,000.

## Wilmot Fair Opens Today With Large and Varied Exhibits

DANCING, BASEBALL GAMES, ALL SORTS OF  
CONTESTS, MANY KINDS OF CONCESSIONS,  
AND UNUSUAL DISPLAYS OF FRUITS  
AND VEGETABLES EVIDENT

## NINTH SUCCESSFUL EXPOSITION BEGINS

Monday was a busy day at the Wilmot fair grounds with a full attendance of all the directors to supervise the erection and location of the tents and concession stands.

William Luke, president of the association was present and prophesied one of the largest number of exhibits at a fair here. Mr. Luke is much improved in health and will be able to personally supervise his fruit and grain tent, exhibits for which will far exceed those of any former year. County Superintendent Olsenfeldt's Educational tent has been erected

next to that of President Luke's. Mr. and Mrs. Olsenfeldt won the state prize for the best county educational exhibit at the Milwaukee fair. They were awarded \$75 for the county. They were just a quarter of a point over Waukesha's exhibit—just enough to win first place. This exhibit will be brought to Wilmot intact. Much additional material is to be added from the students among the rural schools.

Miss Sigrid Jorgenson, new county nurse, is to have a first aid station in the Educational tent. She is anxious to meet the parents of children she is to visit in school. She will weigh and measure the children brought to her during the fair. Miss Jorgenson's first year and she has not had enough time enough to plan an elaborate program.

In the stock division Louis Rhodes, owner of the Rhodesdale farms, was seeing that proper housing was provided for the horses, hogs, sheep, and cattle that are to be entered. Included in a long list of stock entries were: Hogs, Rhodesdale farms, Chester White; Welsh and Williams, Chester White hogs; Schenke of Ekhorn, Poland China; Kempton, Waterford, Spotted Poland China; B. Kempton, Waterford, Spotted Poland China; R. T. Wiswell, Spring Prairie, Yorkshire; A. D. Whitmore & Sons, Lyons, Berkshires; W. G. Henry & Son, Kankakee, Tamworth; Nick Vandenhoven, 58 head, six different breeds and W. W. Vaughn & Son, Hampshire.

Sheep will be entered from the Alendale farm, Lake Villa, the Hampshire breed. Collison of Richmond, will display variety of three breeds, and Klausen, Pleasant Prairie, has entered a number.

Brown Swiss cattle will be shown by Ayers, Henry Creek. Ayershires have been entered by Brown, Racine, Holsteins by Harvey Nelson, Union Grove, and Reuben Kiofanda, Caladonia. Short-horns from the Rhodesdale farms, Guernseys from the Keeny farm at Dover, and another breeder will show Jerseys.

Three hog tents with 150 foot of space, two cattle tents with the same amount of space and numerous pens for sheep have been entered so far.

The horse entries were not complete but Keeny of Dover and Hoffway brothers are to show.

## Investigations Are Started in McHenry In Regard To Vices

Inquiry into bootleg and gambling activities in McHenry county began this week, it was announced Sunday by Charles W. Hadley, special states attorney appointed by Judge G. Shurtleff, of Marengo, as a result of a plea of citizens that the county be given "a good cleaning up." The Druggan-Lake liquor and gambling syndicate has all but taken possession of the county, the petitioners asserted, adding an intimation that an alliance exists between the bootleggers and certain county officials.

Information on file has already led to the placing of liquor and gambling law violation charges against more than 20 defendants, all of whom have been apprehended and admitted to bond except one or two, Mr. Hadley announced. He said he expected to place charges against as many more before the regular county grand jury meets next Monday.

## TO ENTERTAIN AID

Members of the Ladies' Aid of the Methodist Episcopal church will be entertained at the home of the president, Mrs. Homer H. Gaston, Thursday afternoon at 2:30 o'clock. As an important business meeting is to be held, all members are urged to be present.

## GETS MESSAGE

Cablegram Is Sent From Berlin,  
Germany to Mrs. Ed.  
Turner.

A cablegram was received from Berlin, Germany, Sunday by Mrs. Ed. Turner. The message was sent by her cousin, a high school teacher of English and other languages in Berlin, who is coming to America. The cousin, who is expected about October 15 at the home of Mrs. Turner, hopes to teach in this country.

## SOCIETY and PERSONAL

### MRS. GARLAND GIVES SHOWER FOR SISTER

Honoring her sister, Mrs. J. Phillip (Dorothy Beebe), Woodstock, a bride of September 1, Mrs. George Garland entertained with a miscellaneous shower Tuesday night. Appointments of pink and white were carried out. Cards and luncheon occupied the time of the guests during the evening.

The guest list was composed of former school friends and sisters of Mrs. Phillip. Seated at the bride's table were her sisters, Mrs. George Gaulke, Miss Alice Goldy, Miss Ruth Beebe, and Mrs. Garland.

Mrs. Frank Whitton and son, Chicago, were visiting friends and relatives at Channel lake Tuesday. Mrs. Whitton is a sister-in-law of Mrs. George Dunford, Channel lake.

Miss Lorraine Anderson starts on her third year at the Northwestern university the coming year.

Mrs. Adolph Pesat and Mrs. Lillian Williams were in Chicago Monday.

Mr. and Mrs. Percival Chinn and daughter, Ruth, drove to Rockford Sunday to visit the scenes of disaster caused by the tornado Saturday.

Mr. and Mrs. James Dunn are on a vacation trip this week, visiting in St. Louis, Mo., and other points of interest.

### RURAL CARRIERS ASSIST IN FARM STATISTICS REPORT

Rural mail carriers traveling out of 1,600 Illinois postoffices are co-operating with the United States and Illinois departments of agriculture in gathering statistical information pertaining to the acreage of various crops harvested on all farms within the state, and as to intentions for fall planting. This information, when received by the division of cooperative crop and livestock estimates, will formulate a comprehensive report that will be issued to all concerned. Inquiries are also forwarded to get information regarding special crops, such as broomcorn, peaches, fruit and cotton.

### Lake Villa Man Has Estate Of \$43,898.00

John A. McCord, Lake Villa, left an estate of \$43,898 to his heirs. It was shown last week in probate court where the inheritance tax was placed at \$987.12 by County Judge P. L. Persons. Ida Douglas, Robert Miller and George McCord, sisters and brother of the deceased, received \$7,317 each.

### May Pay Bounty

Recommendation was made to the Lake county board yesterday afternoon by Supervisor Kelsey, Barrington, that a bounty be paid by the county to persons killing woodchucks and crows. He suggests that \$30 be paid for woodchucks and 15 cents for crows.

That much damage has been done during the last few months by crows and woodchucks has been learned by Mr. Kelsey, who thinks that paying a bounty will benefit the county to a great extent.

### WELL-BALANCED MEALS ARE SERVED DAILY FOR NOMINAL COST AT HIGH SCHOOL HERE

Food! Real honest-to-goodness food just like one gets at home! That's the way food cooked by the Home Economics department of Antioch high school tastes. Every bite is delicious and tastes like more—that is, it would taste like more—that is, it would taste like more if the servings were not so generous.

Does this sound like a well-balanced meal? Doesn't every part of this menu appeal to one's appetite? Yesterday the cafeteria offered: roast pork, potatoes, scalloped cabbage, lettuce and tomato salad, fresh vegetable salad, white or brown bread and butter sandwiches, plain or chocolate milk, custard dessert and bonbons.

Mrs. Ruby Richey, head of the Home Economics department, is in charge of the cafeteria and does the planning of the menus besides taking active charge of the buying. The dining room is managed so that students may obtain warm lunches at nominal costs. The number served each day averages about 80. The dining room is light, clean, and attractive. A bowl of flowers always lends a cheerful atmosphere.

Mrs. Richey plans the menus a week in advance. Persons who have the idea that it costs a great deal to eat at the school or that only light lunches are served, can understand the truth more fully by reading the menus for next week. They are typical:

Monday: meat and noodles 10c; mashed potatoes, 5c; kraut, 5c; tomato salad, 5c; autumn salad, 5c; pickles, 1c; olives, 1c; cookies, 3c; hot rolls, two for 5c; milk, 5c; chocolate milk, 5c; and ice cream, 10c.

### MRS. OSMOND TO ENTERTAIN LADIES' GUILD

Members of the Episcopal Women's Guild of St. Ignace church will meet next Wednesday afternoon at 2 o'clock at the home of Mrs. W. H. Osmond.

Gordon Hughes of Antioch, accompanied by Justin Morrell and Al Spickerman of the Y M C A. camp at Hastings lake are on a two weeks motor tour of New England. When last heard of they were in the White mountains.

Mrs. L. M. Wetzel has as her guest Miss Freda Brant, of Madison, Wis. Mr. and Mrs. C. E. Shultz returned Sunday after a two weeks' vacation trip to Springfield, and other Wisconsin points.

Judge H. C. Moran of Chicago was the guest of his niece, Mrs. W. F. Peters and husband, here Sunday. S. Boyer Nelson, nephew of Judge Moran, and Mr. and Mrs. D. C. Nelson of Canton, Illinois, were also luncheon guests at the Peters home. Mrs. D. C. Nelson accompanied her brother to Chicago Sunday evening, remaining there for a few days visit.

Mr. and Mrs. W. R. Hornum were guests of Rockford friends Sunday. J. Paulson, Chicago, is visiting his father-in-law, H. S. Messner, during his vacation from duties as electrician for the Fairview Park company.

Fred B. Swanson has returned from a business trip to other parts of the state.

Max Jacobs, Frankfort, Kentucky, who has been the guest of his uncle, Otto Klass, has left for home, Ohio.

### State Re-establishes Fish Preserve In Carroll and Whiteside Counties

Reign of the fish poachers on the Main Slough fish preserve in Carroll and Whiteside counties was ended a few days ago by an order issued by this H. Radebaugh, director of the state department of conservation.

Radebaugh ordered the restoration of signs along the stream showing it to be a preserve, and asked game wardens to renew their vigilance in preventing illegal fishing.

This order was the result of a petition from more than 700 sportsmen of the two counties asking that the preserve be re-established after having been forgotten for several years.

### More State Road Contracts Are Let

The following road contracts have been awarded by the state department of public works and building:

Route 58, section 583, Cook county; Ray Mann, Rockford, \$85,334.46.

Route 58, section 584, Cook county; Ray Mann, Rockford, \$154,653.71.

### Antioch Legion Post Planning to Erect School Zone Signs

### Protection of Children Is Aim of Ex-service Men.

Signs for the protection of the school children of Antioch will be erected by the local post of the American Legion, it has been announced.

The signs are of wood, round, and about one and one-half feet in diameter. They are painted yellow with blue letters, bearing the name of the American Legion with an appeal to the motorist to protect Antioch children.

The Legion is planning to cooperate with the school authorities here so that awards may be made various honor students at the end of the school year.

### BRISTOL NEWS

## ANTIOCH'S FESTIVAL FULFILLS HOPES

(Continued from first page)  
comparatively small space into which to exhibit his goods, originality and beauty were the keynotes which helped his windows win. Mr. Depner's two large bridal cakes, elaborate in every detail, his two tall wicker baskets of gay flowers, the gold with floor covering, three prize cakes, and tray of dainty meats composed the display.

Pastel colors, orchid and pink, made an appropriate, attractive and ideal setting for the perfumes, powders, and toilet accessories in one of Reeves' windows, while in the other window commonplace rubber goods, such as hot water bottles, were exhibited in a desirable and appealing way against a background of blues, browns, and yellows.

Speaking of displays—the flower show and the home products exhibits surpassed all expectations of the business club. Late Saturday night the flowers and vegetables were auctioned and brought high prices. Because the displays were so much larger than had been anticipated, five awards were given in each class instead of three.

Awards were given to the following in the home products class: George Dunford, first; Jasper McCormack, second; H. R. Smith, third; Mrs. D. Leece, fourth, and Mrs. A. Lynch, fifth.

### Finals Held Finally

Flower prizes went to: Mrs. William Tschert, first; Mrs. D. Leece, second; Mrs. G. Schilke, third; Mr. and Mrs. C. K. Anderson, fourth, and Mrs. Hollenbeck, fifth.

Most of the flowers displayed were zinnias, dahlias, asters, and old-fashioned blossoms.

Finals for the pie eating contest were finally held after being postponed because of rain. J. M. Wetzel, one of the runners-up, did not compete. Among the three others left in the contest, Irving Walsh was declared winner. Other contest results follow: rolling pin throwing, Rose Erickson, Pettie lake; ball throwing, Stella Lukas; child calling, Mrs. William Griffin; watermelon eating, Reva Singer; husband calling, Mrs. Edwin Bentner, and the tug of war was won by the men, the Business club passing cigars to all who were on the team.

### SECRETARY'S REPORT OF FALL FESTIVAL FINANCES

Greeting: The Antioch Business club which sponsored the Fall Festival held last week in our community wishes to extend to the public in Antioch as well as the surrounding towns appreciation for the co-operation given toward making the Festival a great success.

It was the intention that everyone should be made happy from the time the big parade started Thursday until after the fireworks Saturday night. Judging from the favorable comment heard on all sides it can be said that such was the result.

The Festival was not intended to be run at a profit and to that end all concessions and games of chance, as are usually found at a festival, were eliminated with the exception of such that would bring entertainment and render color, the result being that there was a deficit as shown by the itemized list of receipts and expenditures, as follows:

### Optimism

On the eve of his wedding a Vienna bridegroom challenged the best man to a duel. Jealous acquaintances of the bride declare that he subsequently remarked, "And may the best man win."

## BOYS ARE BLUE

Allendale Youths Had Planned  
Fun on Lake With  
Motor Boat.

Boys of the Allendale school are feeling somewhat blue and discouraged these days, and when one considers the reason the youths can't be blamed.

E. L. Bradley, Lake Villa, founder and director of the institution, had just purchased a motor boat for the boys. Such excursions as had been planned. Sleep had been lost as the youths would dream, way in the night, of evenings and days when they would have real sport on the lake.

Plans were foiled, though, when the boat was stolen recently. Mr. Bradley is hoping that the boat will be returned and he says it will be worth \$50 to him so he is offering a reward for that amount.

## Wilmot Defeats Antioch To Win Eighteenth Victory

Fast Games Are Promised at  
West Kenosha County  
Fair This Week.

Chalk up another victory for the Wilmot baseball team, this time a win over the Antioch outfit of the Lake county league, who are booking games with neighboring independent teams since the close of the league season. Wilmot's victory was as crushing as it was decisive, 9 to 2 in favor of the Wisconsin outfit being hung up as the final count at the end of nine innings.

Getka, on the mound for Wilmot, allowed but six scattered hits while he struck out ten batters. Pettes, said to be a comer as a backstop, received Getka's slants like a veteran, while his teammates garnered thirteen drives to safe territory off the offerings of Fredrickson and Thompson. Pengra was on the receiving end for the locals.

Wilmot's record thus far this season is 18 victories and 5 defeats.

### Will Play at Fair

Playing every day at the West Kenosha County Fair, the Wilmot team crosses bats with Johnsonburg Thursday, Somers of Kenosha Friday and the North Shore colored team of Waukegan Saturday. The games are scheduled to begin at ten o'clock each morning.

## RIGHT-OF-WAY GIVEN EVEN THOUGH LOSSES OF BUILDINGS RESULT

Between 75 and 80 per cent of the needed right-of-way for route 173, Zion to Researns, has been obtained, according to Ralph M. Lobdell, county highway superintendent. It is expected that before the close of the week all of the right-of-way will have been obtained.

Supervisor David Van Patten and Highway Commissioner Emmett Hastings, Newport township, and M. E. Amstutz of the office of Mr. Lobdell, have been in charge of the right-of-way soliciting. In Newport township some of the farmers have given right-of-way although they will have to lose buildings as a result, it is said.

## WILMOT FAIR OPENS; EXHIBITS ARE LARGE

(Continued from first page)

Schmiedeman, has been obtained for Friday afternoon and negotiations are being carried forward to bring the Republican candidate, Kohler, another afternoon. Both parties are to have booths in one of the tents.

At 1:15 o'clock every day Alfred Reynolds and Lynne Sherman will conduct the contests. They are two of the best fun organizers in the county and the program of events follows: young men's race 14-16 years of age; girls' race, 14-16 years; boys' races, 12-14 years; girls' race, 12-14 years; boys' race, 10-12 years; girls' race, 10-12 years; woman's rolling pin throwing contest; boys' pleasant contest; potato race, boys; shoe race, boys; girls' potato race; grand jump, 12-14; broad jump, 14-18; tug of war, married men vs. single men; ladies' ball driving contest and the four diving contest. The cow and hog calling contests will be held separately.

Much annoyance has been caused in former years by the delay in starting the parade at the scheduled time. Mr. Reynolds has set 10 o'clock for the start and intends to have the parade at that hour regardless of whether all the floats have arrived. A special request is made to all entries to make an effort to be present and ready for the parade before 10 o'clock so as to permit plenty of time for organizing the different floats into classes. The long waits are especially trying on the younger children who have been forced to stand in line for long periods before covering the line of march.

### To Provide Dinners

Another contest of interest to the public will be the Old Time Fiddler competition. The contest will be held Friday and Saturday evenings on the fair grounds. The preliminary on Friday evening will eliminate half the contestants. Prizes of \$8, \$6, \$4, and \$2 will be given the winners.

The women of the organization have agreed to provide fair dinners another year. This year's funds probably will be spent on sealing the dining room or for some other improvement that may be more beneficial to the school district.

Thursday the women are serving two chicken dinners, one at 12 o'clock and again at 5 o'clock. They have provided an elaborate menu for Friday and Saturday's meals and hope to care for the largest number in the history of their organization. One of the biggest attractions at the West Kenosha County fair this year is Jack Wright and his super orchestra of 10 men. This orchestra is one of the finest dance orchestras ever heard in Kenosha county and should attract dancers from near and far. They have played the entire summer at Winch's ballroom, Channel lake. Dancing will be held every afternoon and Thursday and Friday nights.

The Wilmot baseball club has a busy schedule for the coming week. There will be baseball games every day at the fair starting at 10 o'clock in the morning. The following Sunday Wilmot plays Hub Market of Kenosha at the Wilmot ball park. The schedule for the week is as follows:

Thursday morning, 10 o'clock, Johnsonburg vs. Wilmot.  
Friday morning, 10 o'clock, Somers vs. Wilmot.  
Saturday morning, 10 o'clock, North Shore Colored team vs. Wilmot.  
Sunday afternoon at 2 o'clock, Hub Markets vs. Wilmot in Wilmot. Johnsonburg has had a successful season winning 17 and losing only five games and has defeated strong teams such as Woodstock, Harvard,

## Festival Echoes

"The community spirit and enthusiasm shown in Antioch is one of the finest things I ever saw," was the comment of Richard J. Lyons, Republican nominee for state representative, and a three days' festival visitor here. Dick likes Antioch.

Was the festival a success, some one inquired of John C. Nixon, one of the committee members. "Don't ever let anyone tell you it was not a success—an unqualified success," was John's characteristic reply. J. C. does not merely get his feet damp on a proposition; if he likes it he just plunges in and gets a good wet all over. Doing things by halves is not listed in John's catalog.

"Worth all it cost," was the comment of George B. Bartlett, of the finance committee. Mr. Bartlett was the first to subscribe toward the small deficit that will remain when all bills are paid.

Did you know that more than 2,500 attended the Festival Saturday afternoon? It was a big show—especially when one considers it was free.

When persons at the Festival saw the equipment for the fireworks, the Niagara Falls display string-up was the center of much attraction and caused much wondering. Would the display spell Antioch? Would the words be Smith or Hoover? Maybe Emerson? Or would there be any words at all? And to think that the crowd's curiosity was not satisfied until so late! Too Late!

Cake and ice cream were eaten by those who helped with the float for the Woman's club during the Festival—the float which won third prize in the parade. The cake was donated by Mike Depner and was one of the ones on display in his attractive window. Those who were present Sunday night at the party in King's Drug store were Mrs. W. H. Osmond, president of the Woman's club; Lester Osmond, Mrs. Homer B. Gaston, Miss Elizabeth Gaston, Miss Helen

Algonquin and Marengo. The Somers teams have beaten many of the best teams in southeastern Wisconsin and their ability is well known. The North Shore Colored team is one of the strongest teams in Northern Illinois and real entertainment is assured.

Gaston, Miss Helen Osmond, Miss Marie Smith, and Mrs. S. Boyer Nelson. Mr. and Mrs. L. M. Wetzel had driven to Aurora Sunday afternoon and were unable to be present.

Were you at Reeve's Drug store last night? If you weren't you should have been. One of the Antioch Bakery's big Festival cakes was cut and ice cream was served. Teachers, business men, and many other residents of Antioch and friends of Mr. Reeve were on the "guest list."

Lloyd M. Wetzel: The festival was a revelation of what can be done in Antioch. I had expected an attendance of 2000, but when 5000 people visited Antioch Saturday night, I was surprised.

Wm. Keelman: One hundred per cent better next year. It can be done.

H. R. Adams: A decided success. We believe the festival has accomplished the desired result. These events should be held regularly. We favor them.

Mr. X—: Dollars and cents success for the individual merchant—No. But for a community far-sighted enough to build for the future, expenditures of this kind are "it." No sane-minded person can doubt the benefits of constructive and good-will publicity.

Movies of "the old home town"—Antioch in all her glory—Antioch during the Fall Festival! Russell Keelman took pictures the opening day of the Festival, and the reels are now being showed to his friends. Familiar faces about the streets of Antioch, persons whose chests went higher when they knew they were "breaking into the movies," and persons who wouldn't have had their pictures taken for any money were all "caught" by Mr. Keelman.

Two sets of dishes must be given away by Nixon's Royal Blue store a count of the beans in the contest jar disclosed this morning. Guesses have been made by hundreds of persons in the last few days, as to the number of beans in the can. Mr. Petrie, a salesman, guessed 17,643, and Mrs. Andrew Lynch guessed 17,999. Each missed the correct number by 178.

## ANTIOCH WILL PLAY IN PRACTICE GAME FRIDAY AFTERNOON

With fewer experienced players than any other high school in the Northwest conference, the Antioch football eleven faces a hard and strenuous season. Leadership for the local team has not been decided, but but Coach G. G. Reed announced yesterday that the election of a captain will take place Friday.

The team will stage its first contest, a practice game, tomorrow in Waukegan when the opposition will be composed of Waukegan freshmen. The first scheduled game is to be one week later on the local field when the Antioch players will meet Barrington. Barrington is reputed to have one of the heaviest teams in the conference, the line being composed of several who weigh more than 200 pounds each.

Charles Manier returned to the Antioch eleven last week and new hope was born. Although a knee injury to Steinhilber, star fullback, kept him from practises for a few days, he is back again in uniform.

Coach Reed said yesterday that Antioch's prospects are not as good as in previous years and that heavier material is needed.

## WINS PRIZE OF \$5.00

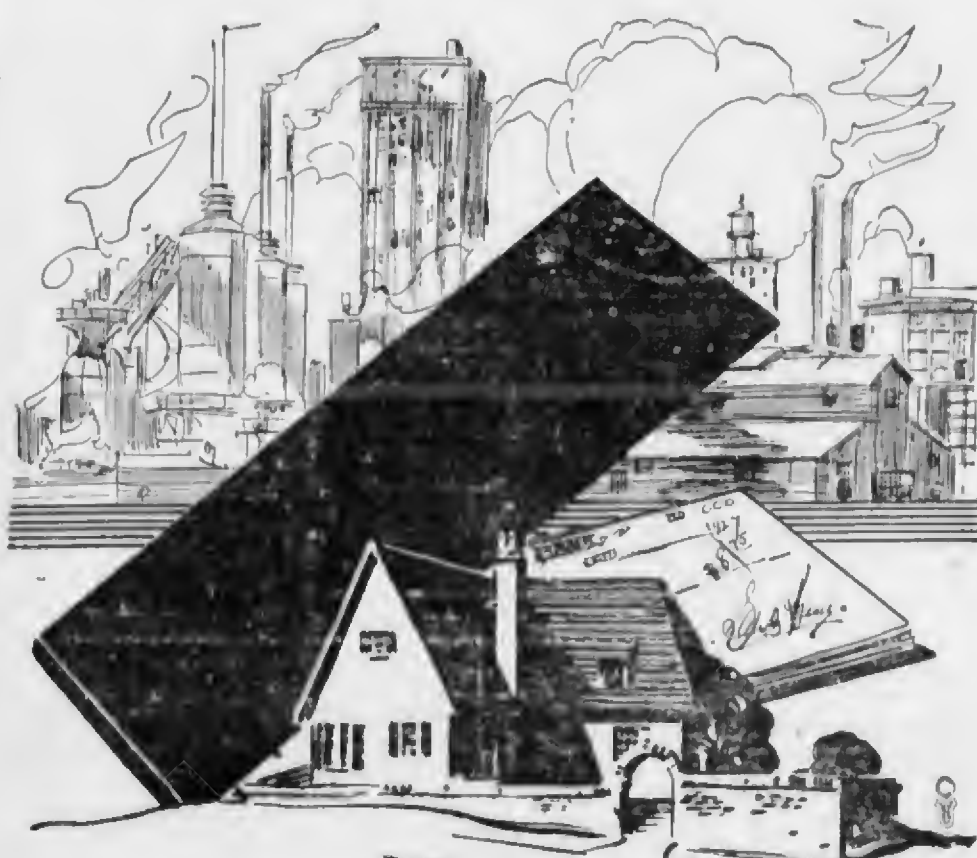

"Confidence is satisfaction guaranteed through square dealing."

These were the words shouted through a megaphone in clever cartoon at the top of a composition written by Reuben Forsman, R. F. D. 1, Antioch—the composition which won him the \$5.00 prize offered by Otto Klass, local merchant.

There were fifty contestants and the papers were judged by persons in the main office of the Hart Schaffner & Marx company.

### Plan Reception for Teachers

The public, and especially the parents of boys and girls of school age may become acquainted with instructors, a public reception for teachers of the grade and high schools in Antioch township, is to be held Tuesday night at 7:30 o'clock in the Methodist Episcopal church. It was announced today. A special musical program has been arranged. Representatives of the various churches will be present. Addresses of welcome will be given by the presidents of the high school and grade school boards of education. The high school orchestra is to play.

## WILL YOU?

In the spring one's fancy is apt to turn to many things, but the persons who last spring let their thoughts turn to the making of gardens are the ones who are sitting on top of the world and smiling now. To be sure, it was much easier in May and June not to spade the ground and sow the seeds, but how delightful it has been all summer for those who were foresighted enough to plant their plots, no matter how small. First were green onions—tiny, sweet ones—crisp lettuce, and later green beans, lima beans, carrots, beets, peas, and other vegetables. All summer the dinner table was graced with fresh vegetables—vegetables that were picked one hour and eaten the next.

Now vegetables are being canned by the women of the home. Even a tiny garden space will permit the canning of a few pints of tomatoes, carrots, etc., and the making of relishes and catsups.

When you look over your back fence and see how much money your neighbor has saved, and how delicious his "home produce" has been (and still is), don't you wish that you had taken a little time to make a garden? And don't you solemnly—oh! so solemnly!—resolve that NEXT year you will have your own vegetables? But will you? Maybe—it you're in the mood! Would be nice, though, really. Wouldn't it?

## THIS IS SOME VILLAGE!

Wonder if people who live in Antioch and have lived here for many years, realize what a big little city this community is? There are few villages with populations of 1,000 which boast main streets such as the one in Antioch. Electric signs—beautiful and city-like store windows—beautiful banks—wide pavement—everything would lead a stranger to think he was in a city six or seven times the size of Antioch. Only the announcement on the corporation limit signs as one enters town, would tell otherwise. The signs placed seven years ago give the population as only 1,100.

And what makes the Main street and the Village so attractive? The interest of the business men—their desire for a more wide-awake, larger, and better village in which to live and rear their families. Antioch's schools are something of which to be proud, also. Is it not unusual for a community of this size to boast such

school buildings—besides having both the grade and high school buildings brand new?

And the lakes! Of course, one cannot forget the lakes. Everything in and about Antioch is beautiful! Certainly many vicinities throughout the entire country would be envious of Antioch if they knew about the wonderful features found here. With the Business Club's enthusiasm, besides the interest shown by various individuals, we're letting the world know we're on the map. But we haven't let them know half enough yet! When do we begin? NOW!

## VACATION IS OVER!

Papers, pencils, and books in hand, children of Antioch started to school Monday morning—started back to begin nine months of study. In many homes about 8 o'clock of that day, tears were being shed—shed by mothers who were starting their "babies" to school for the first time. No longer did the mothers selfishly and proudly feel that the children were all theirs—that no one else shared them.

In other homes, however, mothers were sighing with relief, happy that classes were convening. Children will no longer wait at different times during long days: "What'll we do?" Mothers will have more time for outside activities and more time to do extra things about the house.

Teachers are back at work. Many of them have studied during the summer to better prepare themselves for their teachings. Others have travelled, while others have taken an earned and needed rest. Play days are over for the instructor and the pupil, but nine months of pleasure are ahead, never-the-less. School in these days, to almost every child, is a real joy.

## BACK TO NATURE

A secluded spot—shade trees—a clear stream—and northern Illinois! What a wonderful combination for an ideal day or an ideal evening for cooking one's food over a hot bed of coals out in the open. How much better one feels, too, after an excursion close to nature, than sitting indoors when September's bright blue weather, like a magnet, fairly draws one out of the house, office, store or shop.

The food is bound to taste delicious even though it isn't cooked as well as it might be. But just roll some steak stuffed with onions over a hickory stick and turn it slowly over the coals for about 20 minutes—and oh! heaven on earth is realized at last.

Weather is ideal. One can't afford to stay inside now, for wintry days are coming and there will be plenty of time for magazines and books. Out in the woods one can take time to reflect and think. It's time now to "get out and get under the moon."

## Tammany Experts Take Up Relief In Earnest

M-Cutcheon in The Chicago Tribune.

Rube Hrossler was first a pitcher, then a first baseman and lately an outfielder. He didn't quit pitching voluntarily—Pat Moran moved him to first base at Cincinnati.

Herb Pennock, Yankees' star south paw, was a first baseman when he started to play baseball seriously and it was only due to a coach's whim that he turned to pitching.

If the Cleveland Indians continue shifting Eddie Morgan about he soon will rival Jimmy Dykes for versatility. He has played center and right field, third and first base this season.

Vanoe of Brooklyn, O'Brien of the Red Sox, Johnson of Newark, Wittsoe of the Giants and Scott of the White Sox hold the record for successive strikeouts with seven in a row.

The last double-header victory pitched in the major leagues is credited to Emil Leisen, released recently by Cleveland to New Orleans. He beat the Red Sox twice on August 28, 1926.

The Giants ball club, which is the youngest team in the National league, has only three players on its present roster who were members of the pennant-winning outfit in 1924—Lud Strom, Terry and Jackson.

Joe Cantillon, supervisor of umpires in the American association, was on the original staff of arbiters selected for the American league when it was organized in 1900 and has had 20 years of varied experience in the national game.

## BARRINGER METEOR BEING EXPLORED

Long Enshrouded in Mystery and Indian Fable.

Winslow, Ariz.—Mining operations are under way to explore and determine the actual extent of the great Barringer meteor crater at northern Arizona. Known meteor on earth and hitherto enshrouded in mystery and Indian fable.

The Barringer meteor 22 miles from Winslow, created a crater a mile across and approximately 1,000 feet deep, when it crashed to earth thousands of years ago.

It displaced over 300,000,000 tons of rock in the impact.

The crater thus created has been the center of scientific and geological interest for 50 years, and for the last 25 years various efforts have been made to reach the great shooting star itself and determine its content.

### Named for Geologist.

The work has been carried on principally by Dr. M. Barringer, Philadelphia geologist, for whom the meteor was named.

Barringer finally located the main body 1,375 feet from the south rim of the crater. Tests showed it to be approximately 400 feet in diameter and to contain 50 per cent meteoric iron, 7 per cent nickel, 2 ounces platinum and 1 ounce iridium per ton.

The main body is estimated to weigh 100,000 tons and the metal content to be worth approximately \$50 per ton.

Age-old rumors that diamonds existed in the ore were disproved by the tests, which showed only so-called meteoric diamond points of no commercial value.

Actual mining operations just started are under the direction of Barringer and Quincy A. Shaw of Boston of the Calumet & Hecla Mining company. The enterprise is being conducted privately.

Contracts for erecting power plant and hoist machinery and sinking a two-compartment shaft have been let, and initial construction work is under way.

Thousands of dollars have been spent in past years in futile efforts to locate the great star and its estimated wealth of \$500,000,000 of metals. The United States Mining, Smelting and Refining company, one of the largest corporations of its kind in the United States, gave up the attempt after spending over \$100,000.

### Largest Ever Found.

Barringer, however, has stayed with the problem for over 25 years, and after expending his personal fortune finally located the great ore body with sufficient exactitude to bring to his aid the funds and engineering assistance of Eastern mining capital.

The attempt this time will proceed

with more data and directness than any of its predecessors.

The most valuable mineral found in two diamond drill tests is iridium worth \$275 an ounce.

The Barringer meteor is the largest of the only three Siderite meteors (containing ore) ever found on earth. The other two are the Cape York meteor, weighing 37 tons, discovered by Admiral Peary and now in the New York Museum of Natural History, and the Bacabito meteor found near Bacabito, Mex. Neither of the other two Siderites contained platinum or iridium.

## Collie Arrested as Thief Was Also Stolen

Lynbrook, L. I.—A trained collie "arrested" in New York city for complicity in a \$30 theft was brought back to the home of Dr. Maxwell Galloway here recently, a wiser and more experienced dog.

Doctor Galloway's collie had disappeared on July 5 last. On the same day Leon Isaacs, nineteen, of 133 De Kalb avenue, Brooklyn, passing through this village, was held on a charge of disorderly conduct. The two incidents were at first not connected.

But the other day the doctor, who had been looking for his trained dog in vain, saw a newspaper picture of a dog much like his that had been taken into custody by the police of the Elizabeth street station, Manhattan, along with Isaacs. The tale was told that Isaacs had stolen from Joseph Kiss Manhattan electrician. While Kiss looked the other way, Isaacs, the police said, took the money from the till and passed it to the collie, who then ran with it to a confederate out of sight.

Doctor Galloway then went to New York, identified the dog and took it home.

"He was a good dog," said the doctor, "and though well trained, was not trained to steal. He learned such things from others, but he's going to unlearn them with me."

The collie hung his head and wagged his tail.

## Nebraska University to Display Fossils

Lincoln, Neb.—At the University of Nebraska a setting is being created for the display of fossils of elephants, tortoises, and armadillos many millions of years old. These were found at Nebraska in the valley of the Platte river in western Nebraska. Because of the soft sandstone in that region, parts of the bones were left visible—a circumstance facilitating the task of collecting them.

The bones vary in size from the skull of a mammoth to the skeleton of a shrew, the smallest of mammals. The elephant serves as the keynote for the entire exhibit, ten different kinds of elephants having been found in Nebraska.

### Bird Has One Wing

Franklin, N. H.—George Dunn captured a one-winged bird and is keeping it. It is a swallow and has one perfectly developed wing. There is no sign of a second wing and no place where a second wing ever appears to have been attached.

### Shows Sea Monster

Vancouver, B. C.—A nameless marine creature six feet long, having an eel-like body and a head resembling that of a sheep, was on display at provincial police headquarters here recently as evidence of the existence of a "sea monster" in Lake Okanagan, in the interior of British Columbia.

## Sport Notes

The record for throwing a boomer  
aug is 300 feet and return.

Tom Hoseney is believed to own the  
largest pair of feet in Antioch circles.

Archie Compton, Britain's fore-  
most golfer, may remain in this coun-  
try for the remainder of the season.

With Dempsey on the stage and  
Tunney lecturing on Shakespeare,  
there's not much left for Mr.  
Sharkey except water colors.

Russell Callow of the University of  
Pennsylvania is the highest-paid row-  
ing coach in the United States. His  
salary is said to be \$12,000 a year.

Eddie Mack, who is really Edward  
B. McManus, will be matchmaker for  
the new Boston Madison Square Gar-  
den. The new arena will be opened  
in November.

Despite the risk of injuring their  
hands, Frankie and Bertie Hammer,  
Brooklyn amateur billiard stars, are  
so fond of baseball that they play  
regularly for an independent team.

Daniel Longman and family Tuesday  
evening.

called on Miss Patrick Monday.

The highest winning percentage by  
a pitcher in the American league was  
set by "Smoky Joe" Wood in 1912,  
when he won 34 games and lost but  
5. Wood is now baseball coach at  
Yale.

## CONNIE MACK IS LOOKING FORWARD Veteran Manager Happy Over Foxx's Showing

The season of 1928 may be an early  
stop for wild ideas of staying up all  
night to catch a World's series admis-  
sion next October, but where  
grinding optimism falls droopflipped  
pessimism the season has been a suc-  
cess from another angle. Connie Mack,  
the Athletics' ever-patient but care-  
worn leader who even now is looking  
forward to another season, tempers  
his early disappointment of the cur-  
rent race with the development of sev-  
eral youngsters.

"I can't call a year a failure," said  
Connie Mack in seriousness, "that gives me  
four new players I can depend on and  
makes a twenty-year-old boy poten-  
tially the greatest star of the game. If  
the season brought me nothing except  
the development of Jimmy Foxx I  
would still call it a success. Jimmy  
has borne out a prophecy I made the  
first time I saw him in action."

Manager Mack caught his first  
glimpse of the sensational Marylander  
in the spring of 1925. Foxx, a quiet,  
courtly kid, reported to the Ath-  
letics as a catcher at the same time  
Mickey Cochrane, the most eagerly  
sought minor league catcher of the  
previous season reported. The subdued  
and half-shy, low-headed country lad  
cost a few hundred dollars, and the  
cocky, confident collegian came with a  
fancy price of \$50,000.

All the attention of the word paint-  
ers was centered on Cochrane until one  
morning at the training camp, when  
Connie Mack remarked to a group  
about him that he had picked up a  
player who would some day make them  
all sit up and take notice. Naturally,  
his listeners thought he was referring  
to Cochrane. But when one of them  
asked if it was Mickey, Connie an-  
swered in the negative and pointed to  
Foxx.

"There is the fellow I mean, Jimmy  
Foxx," said Connie, pointing to where  
the husky strapping was working with  
milt and chest protector in front of  
a batting cage. "He's only seventeen

years old and he's awkward and un-  
polished, but if I ever saw a great ball  
player in the rough there he is. Some  
day, mark my words, his name will be  
as well known as Ruth's, Cobb's, Col-  
lin's or anybody else's."

The other player whose debut with  
the Athletics this year has been the  
bright rift in the clouds of disappoint-  
ment are Pitchers Ossie Orvill and  
Earnshaw, Shortstop Joe Hassler and  
Outfielder George Haas. With Jimmy  
Foxx they form a quintet around whom  
the Athletics will build for the future.  
All are expected to play important  
roles in the Mack campaign of the  
next few seasons.

Miller Huggins Sore  
An indication that Miller Huggins  
grew fearful over the slump of the  
Yankees is seen in the fact that he  
hauled up the New York newspaper  
writers for continually scribbling that  
the Yankees were "in" on the pen-  
nant. Said Huggins to the scribes:  
"You fellows have been writing so  
much that the race was all over but  
the shouting the players began to get  
that idea in their heads, and see what  
happened? They let down. Now get  
this in your heads, as I try to keep  
it in the heads of the players, any-  
thing can happen in a pennant race."

## Scottish Youth Pro at Nineteen Years of Age

George Scott, nineteen, who teaches  
the duffers at the Pimma (N. J.) Golf  
club, is one of America's youngest golf  
professionals.

George learned his golf on Scottish  
heaths and at the age of fourteen was  
breaking a 100. His father, Charles  
Scott, a designer of golf courses, came  
to Toronto, Canada, and his son for  
got the mangle and nibble to learn  
the intricacies of banking.

Finally Charles Scott came to Pitt  
man to lay out the local course and  
his son remained to become the club's  
professional.

## Tex Hopes to Broadcast More Championship Bouts

That Tex Rickard, boxing promoter,  
does not intend to place the ban on  
broadcasting championship battles, as  
has been intimated in statements  
credited to him is revealed in a letter  
which he has sent to Paul Mack Hale  
of Worcester, Mass.

Mr. Mack Hale sent Rickard \$5 to  
pay for his "Oriental rug seat" the  
night of the Tunney-Ikeney fight.  
Rickard returned the money, thank-  
ing Mr. Mack Hale for his thought-  
fulness and adding: "I hope that we  
may continue to broadcast our boxing  
contests."

Bill Stusel, former star outfielder  
with the New York Giants, has been  
released by a Pacific Coast league  
team. He is near the end of his base-  
ball career.

George Gerken, young outfielder  
from Milwaukee, was released recent-  
ly by the Cleveland Indians to the  
New Orleans Pelicans of the South-  
ern association.

The longest extra-inning game ever  
played in a world series was the 14-  
inning game between Boston and  
Brooklyn in 1916. It was won by the  
Red Sox, 2 to 1.

Babe Ruth, in denying current ru-  
mors that he plans to quit baseball  
after next season, says he won't sign  
any contracts in the future longer  
than for one year.

Holly Mishkin, young left-handed

## Church's Great Periods

With much diversity of opinion on  
minor points, there is a general agree-  
ment in dividing the history of the  
church into three great periods. The  
first, from the birth of Christ to the  
time of Constantine; the second, from  
that epoch to the Reformation; and  
third, from the Reformation to the  
present time.

## Long Sunless Period

Point Barrow, the northernmost  
point of Alaska, which is more than  
300 miles within the Arctic circle, has  
no sunlight for 30 days in the winter.

## How to get the right kind of LIGHT in your kitchen

**PLENTY** of well-diffused light in your kitchen not only makes it a more cheerful and pleasant place to work in, but it saves time, trouble and breakage.

In moderate-sized kitchens a single ceiling fixture with a 150-watt Mazda Daylight lamp assures complete satisfaction. In larger kitchens, additional brackets with 60-watt

Mazda lamps should be placed over the sink and near the range. A 150-watt lamp in your kitchen costs less than 3c during the preparation of a meal.

LAKE COUNTY CHAMPS  
LOSE IN CINCINNATI

Although winners of the Lake county Amateur Baseball league, the Johns-Manville nine lost both games in the national amateur series played in Cincinnati.

The Waukeganites made good showings in the Ohio city, despite the defeats. The first game was played with Charleston, South Carolina, and the score was 4 to 2, and in the second game, played with Waterbury, Connecticut, the score was 10 to 6.

The Lake county champions played leading ball this summer and lost only four games on the league schedule.

Golfer Makes Hole In  
One at Chain 'O Lakes

Sometimes it's done, perhaps once in a lifetime—the golfer's "impossible shot," a hole in one. It did happen at the Chain 'O Lakes course last Sunday. Eyewitnesses attest the fact that A. H. Babin, Chicago salesman, playing in a foursome, accomplished the feat when he shot for the third hole, a distance of 185 yards.

Others playing with Babin were F. O. Hawkins, superintendent at Chain 'O Lakes, and Mr. and Mrs. F. Darling of Chicago. With a No. 3 iron Babin made a beautiful drive and the ball sailed directly toward the green, took one bound and rolled slowly into the hole.

Mr. Babin scored 79 in the game, Hawkins 81, Darling 83 and his wife 90. Par at the course is 71.

Fire Destroys Barn  
Along Bluff Lake

Fire destroyed the barn of Mrs. H. LaPar on the east shore of Bluff Lake Tuesday morning about 12:45 o'clock. The Antioch fire department answered an alarm but the building, which was a frame structure, was burned before the department arrived. Firemen were able, however, to confine the fire to one place.
